For Healthy Trade, if the Speculators Keep Their Hands Off.

THE WEATHER IN THE WAY.

The Capacity of Iron Furnaces in Blast Beats the Record.

LARGEST YIELD OF CROPS EVER KNOWN

An Unusual Uniformity in the Accounts From all Over the Country.

Reports to Bradstreet and R. G. Dun & Co. show a slight but appreciable improvement in the general position of trade during last week. The report of the crop yield exceeds that of any previous year.

SPECIAL TELEGRAM TO THE DISPATCH.1 NEW YORK, November 15 .- Special telegrams to Bradstreet's point to only a moderate degree of activity in general trade throughout the country. This is in part a seasonable condition, though unfavorable weather has had some influence. The marketing of sugar and of cotton is quite rapid. The output of Louisiana sugar is reported to be less than last year. Holiday goods are selling freely. While iron maintains all previous features of strength, special buoyancy is noted at Cincinnati and St. Louis. Hogs and cattle are weak and lower. Arrivals of the former at interior points are heavy. Dressed hogs are off 3/6%c. Lard and pork are about steady. The mild weather checks sales of coal, and those of dry-goods, boots and shoes at Western centers have tallen off as well.

While the bears maintain their assaults on the trusts, easier money and the favorable railroad outlook tend to create improvement in the speculative position and action of the regular share list. That bonds are strong and activity is noted in many classes of railroad mortgages. Money at New York is steady at around 6 per cent on call, with same figure. Foreign exchange is firmer on increased inquiry. Demand sterling 485@ man's executors reside in New York.

LAST YEAR'S RECORD BEATEN. Gross earnings of 140 railroads for October and for ten months, specially reported to Bradstreet's, show for the month again of 13.2 per cent over October 1888, and for the ten nonths an increase of 10.4 per cent, with an increase of 1.8 per cent in aggregate mileage. Buyers of crude iron are absorbing at full prices all of the 30,000 tons weekly additional production noted within five months, and in many instances for future delivery. Bessemer pig is in extraordinary demand, and steel rails are quoted at \$33 at the East, with the likelihood of an early advance to \$35. Steel billets are higher. Slabs are up \$1. Copper is quite active and higher, selfing at 12% cents for lake.

Domestic stocks are much depleted Prices of breadstuffs are all higher-wheat 1%@1%c, corn 1%@%c and oats 1@1%c. Freer speculative purchases of wheat and increased clearances last week served to stimulate wheat in the face of freer receipts at all points, large stocks on passage and weaker cables. Unfavorable weather affected receipts of corn and oats. Rye advanced in part on the export movement, and word has come that German and Russian rye crop advices are uniavorable. The exports of wheat (and flour as wheat) from both coasts for six days ending to-day aggregate 2,591,-530 bushels, against 2,131,334 in the previous week, and 2,082,618 bushels in the like week last year. The total shipped abroad July 1, to date, is 38,957,300 against 43,565,000 in a like portion of 1888, and 61,263,000 in 1887. The bulk of the increased movepent is from San Francisco, Baltimore and

New York SUGAR IN BETTER DEMAND.

Refined sugar has been in better demand. with granulated 1-16 cent higher. were also in better demand and left off firm at last week's figures. The domestic consumption of sugar for the year ending Octo-ber 31 is 35,600 tons less than last year, 21/2 per cent. The country is said to be "bare of stocks of refined." Stronger cables, with buoyant European coffee markets, stimulated trading here and prices advanced %

Drygoods prices continue strong at New York and Boston, with an upward tendency in brown sheetings and woolen dress goods. The general demand compares well with previous sensons, except in men's wear woolens. Bad weather has checked distribution by jobbers. Raw wool is unchanged. The report of the Agricultural Department, foreshadowing a probable gain of cotton yield of 3 per cent over last year, depressed prices of options.

Business failures reported to Bradstreet's number 217 in the United States this week, against 248 last week and 178 this week last year. Canada had 39 this week, against 45 last week. The total of failures in the United States January 1 to date is 9,846, against 8,649 in 1888.

R. G. Dun & Co.'s weekly review of trade says that business has been brisk and un-

precedented in volume. LARGEST CROP YIELD YET.

Long ago it was held that the year's results would turn upon the crops, and it is now certain that the yield has been on the whole about the largest ever known. The question whether the wheat yield is 20,000,-000 or 30,000,000 bushels below the maximum is not important; the cotton crop will much exceed any previous one, if the latest official figures are correct; the corn crop will exceed any preceding by 100,000,000 to 200,-000,000 bushels; the oats crop is also the largest ever known, and the shortage in potatoes and fruit is immensely overshadowed by the gain in meats. The exports of provisions and cattle in October showed, against last year, a gain of 68% per cent. The bank clearings show the increase at New York was 30 per cent for lost week; at Boston, Philadelphia and Chicago 17 per cent, and at all other cities 18 per cent. The capacity of iron furnaces in blast November 1, was much the greatest ever recorded, no less than 165,765 tons weekly, against 151,059 on October 1, a gain of nearly 10 per cent for the month; and against 141,064 on November 1, 1888, a gain of 17.5

per cent for the year. GREAT BRITAIN IN THE REAR.

The weekly production is now greater than that of Great Britain and close to the greatest ever recorded in that country, being at the rate of about 8,300,000 tons yearly, after allowance for difference between capacity and actual output. Yet no excess of production has been perceived, and prices are firm at the recent advance, an actual but small sale of rails at \$35 being reported, bur iron being strong at 195, nails in fair demand at 210, and plate, structural and sheet mills full of orders. The one point of doubt is whether the warrant system may not operate for the time to conceal an excess of output over consump-tion and thus prepare for disastrous reaction later. The coal business is still dull. Copper has risen to 1216 bid for lake. Lead is

dull, and tin weaker at 213/.
Woolen goods are moving fairly, and at concessions in price. Manufacturers have been buying more treely. It is also re-ported that importers' sales of spring goods have been the heaviest ever known, which, if true, threatens more competition than the manufacturers have anticipated. The boot and shoe trade continues large, with steady prices, and leather is steady. The clothing business is dult at Philadelphia, with hard collections, and dull at Chicago also.

PRODUCT SPECULATIONS ACTIVE.

petroleum only a shade higher, and oats 1 cent higher. Coffee has been advanced % of a cent, but the distribution is duil. Chemicals are quiet. The speculation in stocks has made small progress. Railroad earnings are most encouraging, showing gains of 121/2 per cent for October.

There is more than usual uniformity in accounts from all parts of the country, for though Milwaukee finds business not very satisfactory owing to open weather, and the demand for money decreasing, and some lines of trade are slow at Cleveland, as at lines of trade are slow at Cleveland, as at Philadelphia, the reports from other points are all favorable as to volume of business and in the main as to collections. The money market is easy at Chicago and Philadelphia, but firm at 6 to 7 per cent at Boston for ordinary commercial paper and unchanged here at 6 per cent.

POREIGN EXCHANGE GONE UP. Foreign exchange is a shade higher and the Bank of England lost \$1,385,000 last week and the Bank of France \$260,000 gold. But the large exports lessen demands on this

market. The Treasury has again avoided the acduring the week \$250,000 more than it has taken in. If the national prosperity does not engender excessive production in some branches, and a mischievous revival of speculation, the prospect for healthy busi-

The business failures numbered 265 as compared with 267 last week, and 261 the week previous. Last year at the same time there were 237.

TWO IMPORTANT DECISIONS.

The Sale of 15,000 Acres of Land for Taxes

Declared Illegal. CHARLESTON, W. VA., November 15 .-Two prominent suits were decided in the United States Circuit Court to-day: Burr Wakeman's executors versus Thompson, commissioner school lands and others; also Clark versus Reeder. In the former case 15,000 acres of Wakeman's lands in Boone county were forfeited to the State for nonpayment of taxes and sold by order of Boone Circuit Court by Thompson, commissioner school lands, five years ago. It was pur-chased in small lots by parties who have been living on them for years. The United States Court decided to-day that the sale was is steady at around 6 per cent on call, with not in accordance with law and decreed considerable demand for time losss at the against the defendants, declaring the sale

man's executors reside in New York.

In the other case, E. W. Clark, Philadelphia, purchased 52,000 acres of land in Boone, Raleigh and Wyoming counties from Charles Reeder, Baltimore, at \$1.70 per acre, through C. C. Watts, Charleston, agreeing to take the land as already surgered by Sarray administration. veyed by Sarver, deducting such portions within the same held by other parties by adverse title and possession. Clark brought sait to reseind the contract on the ground that a large part of the land was covered by an older survey. The court ordered com-plete fulfillment of the contract.

MAN, MAID AND MONEY.

A Wife, Five Children and a Manufacturing Firm in Mourning.

SYRACUSE, N. Y., November 15 .- Orrin W. Tyler, formerly a farmer at Marcellus, this county, but more recently a traveling agent for Aultman, Miller & Co., the Buckeye Mower and Reaper manufacturers at Akroa, O., whose headquarters in this State are at Rochester, disappeared about three week ago and now the discovery is made that he is about \$400 short in his accounts. It has also been learned that he mortgaged

all his personal property for every dollar that he could secure. Then he came to this city and bought on and drove away to parts unknown. He took with him a young woman from Camillus. His wife and five children are left destitute.

More Liquer Cases

Ellen Sheeban, William Sheeban and James Price had a hearing before Mayor Pearson, of Allegheny, last night on a charge of selling liquor without license. Mrs. Sheehan and Price were held in \$500 for court. William Sheehan was dis-

THE ARMY REPORT.

annder-in-Chief Schofield Presents His Annual Memoranda to the Secretary. WASHINGTON, November 15 .- The annual report of Major General Schofield, commanding the army, pays particular attention to the desertion question. He claims that many causes of desertion have been removed. The laziness of the recruits, who expect to find the army all beer and skittles, is a fruitful source of deserting, which it is almost impossible to destroy. General Schofield advocates the reduction of the term of enforced service of recruits during times of peace.

Greater care is also necessary among the officers, in leaving their men to the tender mercies of Sergeants and other non-commissioned officers. The General asserts that the means provided for the arrest and pun-ishment of deserters are totally inadequate. He also recommends that the present artil-lery regiments be organized into seven regi-ments, and that the enlisted strength of the army be increased to 30,000.

He promises a complete system for de-fense for our ports, and says that the war garrisons of our sea coast defenses would be about 85,000 artillerymen and 1,300 guns.

BACK TO MURGANZA.

A Milivale Lad's Parole from the Reform School Cut Extremely Short.

A man and his wife, named Nest, were prosecuted before 'Squire Young, of Millvale borough, for cruelty to their son, Harry, 14 years old. He begged victuals from the neighbors, telling them he had

been driven from home.
At the trial it appeared that Harry was a wild boy, that he voluntarily shunned his home, and that he was out of Morganza on parole. At the advice of Agent Dean he was returned to the reformatory, and the parents were acquitted.

SCALY SKIN DISEASES,

Psoriasis 5 years, covering face, head and en-tire body with white scabs. Skin red, itchy and bleeding. Hair all gone. Spent hundreds of dollars. Pronounced incurable. Cured by Cuticura Remedies.

Cured by Cuticura

My disease (psoriasis) first broke out on my left cheek, spreading across my nose, and almost cov-ering my face. It ran into my eyes, and the phy-sician was afraid I would lose my eyesight altosician was afraid I would lose my eyesight altogether. It spread all over my head, and my hair
all fell out, until I was entirely bald headed; it
then broke out on my arms and shoulders, until
my arms were just one sore. It covered my entire
body, my face, head and shoulders being the
worst. The white scabs fell constantly from my
head, shoulders and arms; the skin would thicken
and bered and very lichy, and would erack and
bleed if scratched. After spending many hundreds of doliars I was prononneed incurable. I
heard of the CUTICURA REMOLVENT I could see a
change; and after I had taken four bottles I was
almost cured; and when I had used six bottles of
CUTICURA RESOLVENT and one box of CUTICURA
and one cake of CUTICURA BOAT I was cured of
the dreadful disease from which I had suffered for
five years. I thought the disease would leave a
very deep scar, but the CUTICURA REMOLIES
cured it without any scars. I cannot express with
a pen what I suffered before using the CUTICURA
REMEDIES. They saved my life, and I feel it my
duty to recommend them. My hair is restored as
good as ever, and so is my eyesight. I know of a
number of different persons who have used the
CUTICURA REMEDIES, and all have received great
benefit from their use. MES. ROSA RELLIX.

MR. WALTER'S TROUBLE.

His Version of the Matter.

Of the hundreds of patients cured by the physicians of the Polypathic Medical Instiphysicians of the Folypathic Redical Insti-tute during the past six months, perhaps none have experienced more intense suffer-ing than has Mr. Henry Walter. The com-plication of aches and pains resulting from rheumatism, associated with a severe chronic cough, caused him untold misery. Speakof his trouble one day, he said: catarrhal secretion of mucus often dropped down from my head into my throat. A hard, dry cough so affected my lungs that my breath became very short, I had a tired feeling, and as I grew weaker my stomach became involved. My food would sour on my stomach, and I had sour, bitter eructations of gas. I had pain over my eyes, and often felt dizzy. My hands and feet were continually cold, and I was also afflicted with rheumatism. I would have sharp pains in my side and back, and I would sometimes have such a numb, dead feeling. catarrhal secretion of mucus often droppe sometimes have such a numb, dead feeling. My disease gradually grew worse. One day I happened to read in the papers an account of a person who had been cured by the physicians of the Polypathic Insti-tute of a disease similar to my own. I therefore placed myself under their care, and became entirely cured."

Mr. Walter is a well-known gentleman, and his address will be furnished anyone by calling at the Institute, 420 Penn avenue. The physicians in charge treat successfully all forms of kidney and urinary diseases. Also chronic diseases, including those peculiar to women.

Positively no operations are performed, as by their medicines and appliances, which are not known to the general practice, the ladics can themselves use the treatments.
Office hours, 10 A. M. to 4 P. M., and 6 to 8 P. M. Sundays, 1 to 4 P. M. Consulta-tion free. Treatment also by correspon-

NEW ADVERTISEMENTS

SPECIAL OVERCOAT DAY

MEN'S OVERCOATS, in first-class Chinchillas, Beavers, Corkscrews, Cassimeres, well trimmed, well made, warranted equal to any garments offered elsewhere at \$12, will be sold by us to-day at \$8.

MEN'S OVERCOATS at \$10. The grandest line imaginable. Fine Kerseys, Beavers, Chinchillas, Cassimeres, Wide Wales, Meltons, etc., nothing like them obtainable outside of Kaufmanns' for less than \$14. Our price to-day \$10.
MEN'S OVERCOATS, made in English Sack and

Prince Charles, Flyfront, Cape and Ulster styles, make, trimmings and materials comparing favorably with custom work; our price for to-day \$12.

MEN'S OVERCOATS at \$15. We've always had the best \$15 line of Overcoats in the city, but offerings to-day will eclipse all our former efforts in this direction. If you want an extra fine Top Coat, see these.

MEN'S OVERCOATS, made from celebrated materials, as Montagnacs, Elysians, Fur Beavers, Carr's

Meltons, Covert Cloths, medium, short or long cut, same as other dealers sell as "big bargains" at \$24, for only \$18 to-day. MEN'S OVERCOATS, made by our own custom

tailors, with or without fine silk linings, garments fine and fashionable enough for a king; in a large variety of choice imported materials; guaranteed superior to any offered elsewhere for \$26, at only \$20 to-day.

BOYS' OVERCOATS, sizes 4 to 12, with long capes; materials: Cheviots and Worsteds. Patterns:

Stripes and plaids; well made, well lined, well trimmed; the same as other clothiers get \$3 for, our price to-day \$2 BOYS' OVERCOATS, sizes 4 to 12. We shall offer to-day the best \$3 values ever shown in this city Among them will be found All-wool Cassimeres and

Scotches which are being retailed elsewhere at \$4 50.
BOYS' OVERCOATS, sizes 4 to 12, including the popular Lord Chumley and other lovely plain and fancy styles. Over 100 patterns to choose from. Everyone a decided bargain; our price to-day only \$5.

BOYS' OVERCOATS, sizes 10 to 18, in dark and medium materials, at only \$2 to-day. Don't let the low price lead you to believe that these garments are trash, they're not, but are stylish and serviceable.
BOYS' OVERCOATS, sizes 10 to 18, silk faced,

soft roll style, made from good gray Meltons, at only \$5 to-day. You'll not be able to duplicate the same garments elsewhere below \$8. BOYS' OVERCOATS, sizes 10 to 18, in fine Allwool Meltons and Cassimeres, cut in the Short English Box or Sack style, just look as if made to measure, at only \$10 to-day. A fine line of Cape Overcoats at the

same price; actual value \$15. FREE! GENUINE SHEFFIELD FREE

Given with Every Boys' Suit or Overcoat To-Day. We always have a little surprise in store for our little friends. To-day, for instance, we give a fine doublebladed Pocket Knife (each one made by and bearing the trade-mark of the Steel Cutlery Co. of Sheffield, Eng.), with Horn, Ivory, and Mother-of-Pearl Handles, Gratis with every Boy's or Child's Suit or Overcoat, no matter

how low the price of the same may be.
